#### REMARKS

By this Amendment, the Title has been amended to better reflect the subject matter of the application. The Specifications have been amended by the addition of section headings as per 37 C.F.R 1.77 and MPEP 608.01(a). The addition of the text following SUMMARY OF THE INVENTION is supported by the abstract of the as-filled application.

Claims 1-26 are pending in this application. By this Amendment, claims 1-23 are amended to modify the wording "characterized in that" to --wherein--. Claims 3, 5-10, 15, 18-21, and 23 are amended to delete multiple dependency. Claim 6 has been amended to remove reference to an element of a figure. By this Amendment, claim 24 - 26 have been added to provide for material previously contained in multiple dependent format. Support for claim 24 can be found in claim 15. Support for claims 25-26 can be found in claim 23. No new matter is contained in the amendments.

Respectfully submitted,
